Cole City

About Us

C.B.P., Ltd. has been a leader in providing quality products and service for over 50 years. It has been a mission of the company to be innovative in its production programs, with a commitment to professionalism, our communities, and with the best interest in our environment.

Our Products

Chicken

As a leader in quality fresh, fully-cooked, ready-to-cook and individually frozen chicken, our customers come from around the world. Our chicken products are utilized in many recipes or stand-alone products as required.

As C.B.P., Ltd. pursues operational greatness, customer relationships continue to assist our company to succeed and progress.

We continue to partner with producers to provide the highest quality chickens. All are raised naturally without supplements of any type thus allowing for healthy and wholesome flocks of great tasting chickens.

Beef

C.B.P., Ltd. also works with producer partners to provide quality beef products to our customers. The beef products come from the highest quality Angus herds, used to provide roasts, steaks, and ground beef along with specialty products. We continue to provide an offering of unmatched quality, consistency and value.

Our beef production area follows strict standards for quality, safety and animal care. All of our certified facilities use video monitoring technology to ensure food safety and protect the well-being of the animals under our care.

At our facilities, we know that quality beef comes from quality cattle. Much of our beef products are provided by some of the world's leading cattle feeding companies, family farmers and ranchers to secure the highest quality cattle.

PORK

C.B.P. Pork is a leader in quality pork products for customers to get a superior eating experience each and every time. We have a large selection of popular brands which are well-recognized for their value, freshness and consistency. From our premium fresh natural products to our innovative dry rubbed, ready-to-cook products, our pork processing facilities offer the solution for your quality pork needs each and every time.
